

UNIVERSITY OF
BIRMINGHAM

4th INTERNATIONAL WORKSHOP ON DEGRADATION ISSUES OF FUEL CELLS and ELECTROLYSERS

Second ANNOUNCEMENT

Dates: 05 - 7 MAY 2021

**Location: Corfu Holiday Palace Hotel
Corfu, Greece**

General Topics

- Durability requirements in Fuel Cell and Electrolyser applications
- Mechanisms limiting Fuel Cell or Electrolyser Durability
- Diagnostics
- Systems issues & Industrial applications
- Degradation and lifetime aspects for:
 - Electrolytes
 - Electrodes
 - Single Cells
 - Components & Stacks

Short program

WEDNESDAY, 05 MAY 2021

| | |
|--------------------------------------|---------------------------------|
| Plenary Sessions | |
| Light Lunch | |
| Parallel session-1: PEM FCs and Elys | Parallel session-2: SOFCs/SOECs |
| Poster session | |

THURSDAY 06 MAY 2021

| | |
|--|---------------------------------|
| Parallel session-1: PEM FCs and Elys | Parallel session-2: SOFCs/SOECs |
| Light Lunch | |
| Poster session | |
| Surprize event (excursion and Gala Dinner) | |

FRIDAY 07 MAY 2021

| | |
|--------------------------------------|---------------------------------|
| Parallel session-1: PEM FCs and Elys | Parallel session-2: SOFCs/SOECs |
| Light Lunch | |
| General comments - End of workshop | |
