Questions:

- **The training aims to support SMEs. Are you an SME as defined by the European Commission?**

Before answering, please [read](#) the European Commission’s definition of an SME. The main factors determining whether an enterprise is an SME are:

1. staff headcount
2. either turnover or balance sheet total

Company category	Staff headcount	Turnover	or	Balance sheet total
Medium-sized	< 250	≤ € 50 m		≤ € 43 m
Small	< 50	≤ € 10 m		≤ € 10 m
Micro	< 10	≤ € 2 m		≤ € 2 m

These ceilings apply to the figures for individual firms only. A firm that is part of a larger group may need to include staff headcount/turnover/balance sheet data from that group too.
